

**We try hard to be frugal.** Yet almost everything we do comes with a cost. The chairs and tables on Hey Day. The pumpkins and hay bales at Halloween. The shrubs and trees for our trail. The lumber for the grape arbor. The cedar shingles for the barn. The apple trees for the orchard.

The good news is that we remain committed to accomplishing our goals without any paid staff and with the help of volunteers. The extraordinary grape arbor at the Godena Farm was designed and built by a director and assembled and installed by four directors and a backhoe on a weekend. The apple orchard was the volunteer effort of the full Board and twelve friends of the Land Trust and their children who dedicated their time and muscle. Kestrel boxes and other nesting boxes were

built and put up by teenagers in our community. Our fields are mowed three times each year by the volunteer efforts of Louis Godena because he supports what we are doing with his family home. As a result, **almost every cent you contribute goes toward our mission of land protection and environmental education.**

The accompanying pictures only tell only a small part of our story. Yes, we have done much but still have so much more to do. Important projects that should be done. Important projects that we are anxious to do. Important projects that will get done with your help. **Please take the time** to write us a check or go to our website at [www.conanicutlandtrust.org](http://www.conanicutlandtrust.org) and use the PayPal feature. We appreciate your support.

**Thank you.**

All are welcome to walk the fields at Godena Farm.

Planting apple trees in our new orchard.

Watering more than 400 shrubs this summer. The shrubs will be planted on our walking trail.

Two soil scientists work with a volunteer backhoe to dig soil pits for the New England Intercollegiate Soil Judging. A talk on island soils was also part of Hey Day.

The grape arbor: laying a foundation.

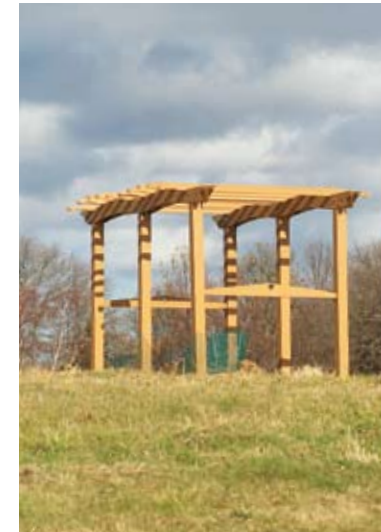

The Island Fiddlers playing during HeyDay.

A pirate starts a fire for our Halloween event for children.

Sometimes the wonder of Hey Day is a boat in a metal tub.

The completed grape arbor stands proudly.

Jamestown Litter Corps puts up houses for kestrels and bluebirds.

Hey Day visitors could listen to the Jamestown Community Band playing in an open field or take a wagon ride around Godena Farm.
